

## Action Taken Report for Teachers' Feedback Responses (Session 2022-23)

Date: 30 May 2023

In view of the feedback responses received by teachers, following actions are taken for reform in teaching-learning, governance and overall college environment in 2023-24. It will help in making better academic and administrative environment in the college.

1. Teachers are advised for innovating new methods of teaching-learning process to develop interest of students in the class along with enhancing their own interest.
2. Teachers are directed to make use of maximum ICT and other resources of the college to develop better academic environment in the college.
3. All the teachers, office, lab and library staffs are advised to create friendly environment in the college by supporting and helping each other.
4. The professional ethics and human values should be given priority in all academic and administrative work.
