Write one paragraph about the activity

A one-day workshop on coarse grains i.e. millets (Shri Ann) such as Jhangora, Maduwa, Kodo, Kaudi etc. was organized today on 03 October 2024 at Government College Nainbagh. The topic of the workshop was Millets for increasing the income of farmers and sustainable livelihood. This workshop was organized for the farmers of Jaunpur block under the Chief Minister Research Promotion Project for the extension activities of the college. The workshop was inaugurated by lighting the lamp by the Chief Guest Seed Saving Pioneer and Author Mr. Vijay Jandhari, Special Guest Garden Pandit Mr. Kundan Singh Panwar and Principal of the College Professor Sumita Srivastava. Principal, Professor Sumita Srivastava welcomed the guests by presenting them a plant. Thereafter, the guests released the book Environmental Economics written by Mr. Parmanand Chauhan, Head of Department, Department of Economics and Dr. Madhu Bala Juwantha, Head of Department, Political Science, Department. The coordinator of the program, Dr. Madhu Bala Juwantha presented a brief introduction about the program to the gathering present. Thereafter, the organizing secretary of the program, Mr. Parmanand Chauhan, gave information about the outline of the program and conducted the program.

The chief guest of the program, Mr. Vijay Zardari, while addressing the farmers, told that millets or coarse grains are healthy for health and keep away from diseases. He told that the use of chemical fertilizers and medicines is harmful for the crop. And we should move towards natural

farming. He talked about emphasizing on traditional farming. As expert speakers, scientists of Ranichauri campus of University of Technology and Forestry, Bharsar shared their experiences with the participants. The speaker of the first technical session, Dr. Sachin Kumar, entomology expert, told in his lecture that we can protect crops along with organic farming. He told that the government is also very serious about crop protection and many types of schemes are being run for this. He told the farmers the methods of preparing Beejamrit, Jeevamrit for the protection of crops. Apart from this, the methods of preparing medicines like Agniashtra, Brahmastra, Kodastra etc. for protection from insects were also presented to the farmers. In the second session of the technical session, Dr. Rajesh Kumar Prasad, Assistant Professor, Botany, while addressing the farmers and students as a speaker, said that coarse grains are now known as Shri Ann. He gave detailed information about the benefits of cultivating millets and the benefits to the body from the consumption of millets. He also shared with the farmers the measures to prevent diseases affecting Shri Ann. In the third technical session, Dr. Sumit Chaudhary, Assistant Professor, Agricultural Science, presented his lecture as a speaker.

He addressed the gathering in detail about advanced agronomic practices in agriculture and he informed the farmers about many methods to get more production. In the last part of the session, Garden Pandit and Director Narayani Nakshatra Nursery Nainbagh Shri Kundan Singh Panwar ji, who was present as a speaker, presented his lecture on the contribution of millets in increasing the income and sustainable livelihood of farmers. He said that the future belongs to millets. The whole world is moving towards millets, and farmers are getting many benefits from it. In the end, the Principal thanked all the guests by presenting them mementoes. A large number of farmers and students attended the workshop. 120 participants including all the professors and staff of the college took advantage of the workshop.

मोटे अनाज को लेकर किया जागरूक

नैनबाग: पहाड़ों की पारंपरिक खेती व मोटे अनाज को बढ़ावा देने को लेकर महाविद्यालय नैनबाग में कार्यशाला का आयोजन किया गया, जिसमें पारंपरिक खेती को बढ़ावा देने को लेकर काशतकारों को जागरूक किया गया।

मुख्य अतिथि बीज बचाओ आंदोलन के संयोजक विजय जड़धारी ने बताया कि झंगोरा, कोणी, चोणा को बढ़ावा देने के लिए सरकार कार्यशाला के माध्यम से किसानों को जागरूक कर रही है। उन्होंने कहा कि पहले पहाड़ में मिश्रित खेती होती थी, जिससे लोग स्वस्थ रहते थे। (संस्)
